ADVOCATES FOR OPIOID RECOVERY

Recovery Circle

With the guidance and support of our bipartisan advisors, Survivors Council, and executive leadership, **Advocates for Opioid Recovery is on a mission to achieve more long-term opioid addiction survivors.**

Our work engages media, activists, policymakers and other stakeholders around the country to break down social, economic, and government barriers to recovery.

The AOR Recovery Circle is a vital resource for the development and expansion of our education, research, and advocacy initiatives. AOR would not exist without the support and commitment of our Ally and Champion Recovery Circle members. Given AOR's unique position as a survivor-centered, medication- and provider-agnostic organization, we appreciate the Recovery Circle's recognition that AOR is autonomous in all decision-making.

We invite you to join the Recovery Circle and help us break down barriers to recovery.
